State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER U-M-3-19
Relating to Certification of New Motorcycles

HONDA MOTOR CO., LTD.

Pursuant to the authority vested in the Air Resources Board by the Health and Safety Code, Division 26, Part 5, Chapter 2; and,

Pursuant to the authority vested in the undersigned by Health and Safety Code Sections 39515 and 39516 and Executive Order G-45-9;

IT IS ORDERED AND RESOLVED: That Honda Motor Co., Ltd. has submitted its certification plan, dated March 10, 1998, to satisfy the 1.2 grams per kilometer hydrocarbon exhaust emission standard applied as a corporate average for off-road motorcycles with engine displacements greater than 90 cubic centimeters. This certification plan shall apply to 1999 model-year off-road motorcycles, and contains the provisions for complying with the conditions required by Section 2412(b), Title 13 of the California Code of Regulations.

BE IT FURTHER RESOLVED: That certification of the engine family exhaust emission control system and designated hydrocarbon emission limit, in accordance with the approved certification plan for compliance with the corporate average for the 1999 model year, is required before off-road motorcycles of any engine family are offered for sale.

Executed at El Monte, California this 14th day of May 1998.
