Dear Sir or Madam:

Air Resources Board (ARB/Board) staff invites you to participate in a public workshop to discuss analyses being conducted in development of the Renewable Electricity Standard (RES). The RES would reduce greenhouse gas emissions by increasing the percentage of electricity generation provided by eligible renewable resources. The regulatory concept is designed to implement Governor Arnold Schwarzenegger's Executive Order (EO) S-21-09. This EO directs the Board to adopt a regulation consistent with a 33% renewable electricity standard by July 31, 2010. ARB is developing the RES in cooperation with the California Public Utilities Commission, the California Energy Commission, and the California Independent System Operator.

This is the second in a series of public workshops on the RES. An agenda and supporting documentation will be posted prior to the workshop. The Board is scheduled to consider the RES at its July 22-23, 2010, meeting.

The public workshop will be held at the time and location shown below:

Date: Monday, December 14, 2009
Time: 9:00 a.m. - Noon
Location: Cal/EPA Building
1001 I Street, 2nd Floor
Byron Sher Auditorium
Sacramento, CA 95814
Directions: <http://www.calepa.ca.gov/EPABldg/location.htm>

Webcast Information

For those unable to attend the workshop in person, a live video/audio webcast will be available beginning at 9:00 am on December 14, 2009, at:
