This SETTLEMENT AGREEMENT AND RELEASE (hereinafter "Agreement") is entered into between the STATE OF CALIFORNIA AIR RESOURCES BOARD (hereinafter "ARB") 1001 I Street, Sacramento, California 95814, and ANGEL'S TRUCKING, INC., (hereinafter "ANGEL'S TRUCKING, INC.,"), 1027 East 65th Street, Inglewood, California 90302.

I. RECITALS

(1) California Health and Safety Code (HSC) section 44011.6 established the Heavy Duty Vehicle Inspection Program (HDVIP). It authorizes ARB to inspect on-road heavy-duty vehicles for excessive smoke emissions and engine tampering and to issue citations, accordingly. The program also requires the vehicle owner to repair its engines that exceed the prescribed ARB smoke opacity standards, perform a post-repair opacity test, and submit proof of repairs and any assessed penalties under the Regulations of the Heavy-Duty Smoke Inspection Program, chapter 3.5, sections 2180-2188, title 13 California Code of Regulations (CCR).

(2) HSC section 43701 provides that ARB shall adopt regulations that require owners or operators of heavy-duty diesel motor vehicles to perform regular inspections of their vehicles for excessive smoke emissions.

(3) Title 13 CCR, section 2190 *et seq*. was adopted under the authority of HSC section 43701 and, with limited exceptions, which are not applicable here, apply to all heavy-duty diesel powered vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California.

(4) Title 13 CCR, section 2190 *et seq*. authorize the Periodic Smoke Inspection Program (PSIP) which requires the owners and operators of California based vehicle fleets of two or more heavy duty diesel motor vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California to conduct annual smoke opacity inspections of their vehicles that are four years older than the model year of the vehicle's engine.

(5) Title 13 CCR, section 2192(a) requires inter alia that the owner of the vehicle "[t]est the vehicle for excessive smoke emissions periodically according to the inspection intervals specified in section 2193(a), (b), and (c)", "[m]easure the smoke emissions for each test…", "[r]ecord the smoke test opacity levels and other required test information as specified in section 2194…" and "[k]eep the records specified in section 2194 for two years after the date of inspection."

(6) HSC section 43016 states, "Any person who violates any provision of this part, or any order, rule, or regulation of the state board adopted pursuant to this part, and for which there is not provided in this part any other specific civil penalty or fine, shall be subject to a civil penalty of not to exceed five hundred dollars ($500.00) per vehicle."

(7) The ARB considers testing, measuring, recording, and recordkeeping to be critical components in reducing excessive smoke emissions from these heavy-duty vehicles.

(8) ARB contends ANGEL'S TRUCKING, INC., failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy-duty diesel vehicles for years 2011 and 2012 in violation of title 13 CCR, sections 2190 *et seq*.

(9) Health and Safety Code, Section 39650-39675 mandates the reduction of the emissions of substances that have been determined to be toxic air contaminants (TACs). In 1998, following an exhaustive 10-year scientific assessment process, the Air Resources Board identified particulate matter (PM) from diesel-fueled engines as a toxic air contaminant. In-use On-Road diesel vehicles are powered by diesel fueled engines that emit toxic particulate matter. On-Road vehicles are controlled under section 2025 within title 13 of the California Code of Regulations (CCR).

(10) Title 13 CCR, section 2025(e)(1)(B) states: "Starting January 1, 2012, for all vehicles with GVWR greater than 26,000 lbs, excluding school buses, fleets must meet the requirements of section 2025(g) or fleets that report may instead comply with the phase-in option of section 2025(i)."

(11) ANGEL'S TRUCKING, INC., has elected to meet the requirements of the Engine Model Year Compliance Schedule provided for in title 13 CCR, section 2025(g).

(12) Title 13 CCR, section 2025(g) requires that owners of diesel vehicles with a GVWR greater than 26,000 lbs. meet PM BACT requirements for all 1996 through 1999 engine model years by January 1, 2012; and 2000 through 2004 engine model years by January 1, 2013.

(13) Failure to comply with the requirements of title 13 CCR, section 2025 is a violation of state law resulting in penalties. California HSC sections 39674(a) and (b) authorize civil penalties for the violation of the programs for the regulation of toxic air contaminants not to exceed one thousand dollars ($1,000) or ten thousand dollars ($10,000), respectively, for each day in which the violation occurs.

(14) The ARB has documented that ANGEL'S TRUCKING, INC., failed to meet PM BACT requirements for all 1996 through 1999 engine model years by

January 1, 2012; and 2000 through 2004 engine model years by January 1, 2013.

(15) Transport Refrigeration Units (TRUs) are powered by diesel fueled engines that emit this toxic particulate matter. TRUs are regulated under Title 13 CCR, section 2477.1 through 2477.21.

(16) Title 13 CCR, section 2477.5 (a) provides that no owner/operator shall operate a TRU or TRU generator (gen) set in California unless it meets in-use performance standards established in section 2477.5.

(17) Title 13 CCR, section 2477.6 (a)(1) requires all operators to submit an Operator Report to ARB by January 31, 2009 (delayed until July 31, 2009) which includes TRU and TRU gen set inventory information for each TRU and TRU gen set based in California that is owned or leased by the operator.

(18) Title 13 CCR, section 2477.5 (e)(1)(A) requires that on or before January 31, 2009 (delayed until July 31, 2009), owner/operators of all California-based TRUs and TRU gen sets subject to this regulation shall apply for an ARB identification number for all California-based TRUs or TRU gen sets operated by the operator by submitting an application to ARB.

(19) Title 13 CCR, section 2477.5 (e)(1)(F) requires that within 30 days of receipt of the ARB-issued IDN, owners/operators of California-based TRUs and TRU gen sets permanently affix or paint the IDN to both sides of the TRU chassis housing.

(20) ARB Enforcement Division has documented that ANGEL'S TRUCKING, INC., failed to bring the TRUs it operates in California into compliance with the in-use performance standards before the deadlines set forth in the regulation, failed to submit a TRU Operator Report by the July 31, 2009 deadline.

(21) Failure to bring the TRU fleet in compliance with applicable in-use emission standards, failure to apply for and affix ARB IDNs and failure to submit an operator report are violations of state law resulting in penalties. California HSC sections 39674(a) and (b) authorize civil penalties for the violation of the programs for the regulation of toxic air contaminants not to exceed one thousand dollars ($1,000) or ten thousand dollars ($10,000), respectively, for each day in which the violation occurs.

(22) In order to resolve these alleged violations, ANGEL'S TRUCKING, INC., has taken, or agreed to take, the actions enumerated below under "TERMS AND RELEASE". Further, the ARB accepts this Agreement in termination and settlement of this matter.

(23) In consideration of the foregoing, and of the promises and facts set forth herein, the parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed violations, and voluntarily agree to resolve this matter by means of this Agreement. Specifically, the ARB and ANGEL'S TRUCKING, INC., agree as follows:

II. TERMS AND RELEASE

In consideration of the ARB not filing a legal action against ANGEL'S TRUCKING, INC., for the alleged violations referred to above, and ANGEL'S TRUCKING, INC., payment of the penalties set forth in Section 1 below, the ARB and ANGEL'S TRUCKING, INC., agree as follows:

(1) Upon execution of this Agreement, the sum of nine thousand six hundred twenty-five dollars $9,625.00 shall be paid on behalf of ANGEL'S TRUCKING, INC., as follows:

(2) ANGEL'S TRUCKING, INC., shall pay a civil penalty of $9,625.00. Payment shall be made in check form as described below, and payments shall be made in 8 payments over an 18 month period beginning on June 1, 2014. Please submit the signed settlement agreement and checks to:

Ms. Ann M. Stacy, Air Pollution Specialist
Air Resources Board, Enforcement Division
P.O. Box 2815 Sacramento, CA 95812

Payment Due Date:		**In the Amount of and Paid to:**	
(1)	June 1, 2014	**$1,204.00**	paid to **Peralta Colleges Foundation**
(2)	September 1, 2014	**$1,203.00**	paid to **Peralta Colleges Foundation**
(3)	December 1, 2014	**$1,203.00**	paid to **Air Pollution Control Fund**
(4)	March 1, 2015	**$1,203.00**	paid to **Air Pollution Control Fund**
(5)	June 1, 2015	**$1,203.00**	paid to **Air Pollution Control Fund**
(6)	September 1, 2015	**$1,203.00**	paid to **Air Pollution Control Fund**
(7)	December 1, 2015	**$1,203.00**	paid to **Air Pollution Control Fund**
(8)	March 1, 2016	**$1,203.00**	paid to **Air Pollution Control Fund**

(3) Effect of Untimely Payment. If any payment is more than 15 days late, the entire remaining balance becomes immediately due and payable. In addition, if the Attorney General files a civil action to enforce this settlement agreement, ANGEL'S TRUCKING, INC., shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's fees, and costs.

(4) It is agreed that if ANGEL'S TRUCKING, INC., including its subsidiary or parent company, at any time becomes insolvent, or makes an assignment for the benefit of creditors or similar action adversely involving ANGEL'S TRUCKING, INC., its subsidiary, or parent company, or a proceeding or petition under any bankruptcy, reorganization, arrangement of debt, insolvency, readjustment of debt, or receivership law or statute is filed by or against ANGEL'S TRUCKING, INC., its subsidiary, or parent company, or a trustee in bankruptcy, custodian, receiver or agent is appointed or authorized to take charge of any of ANGEL'S TRUCKING, INC.'S, its subsidiary, or parent company's properties, or if any deposit account or other property of ANGEL'S TRUCKING, INC., its subsidiary, or parent company be attempted to be obtained or held by writ of execution, garnishment, attachment, condemnation, levy, forfeiture or other legal process, or ANGEL'S TRUCKING, INC., its subsidiary, or parent company takes any action to authorize any of the foregoing, the entire remaining balance becomes immediately due and payable without notice or demand.

(5) It is further agreed that the penalties described in "Terms and Release", paragraph 1 are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish ANGEL'S TRUCKING, INC., for violations of state environmental statutes, and these penalties are payable to and for the benefit of ARB, a governmental unit. Therefore, it is agreed that these penalties imposed on ANGEL'S TRUCKING, INC., by ARB arising from the facts described in recital paragraphs (1) through (21) are non-dischargeable under 11 United States Code § 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.

(6) ANGEL'S TRUCKING, INC., shall not violate HSC sections 43701 *et seq.*, 44011.6 *et seq.*, and title 13 CCR, sections 2183, 2190 *et seq*, and 2485 *et seq*.

(7) ANGEL'S TRUCKING, INC., shall comply with one or both of the following options to attend the California Council on Diesel Education and Technology (CCDET I) class, (SAE J1667 Snap Acceleration Smoke Test Procedure for Heavy-Duty Diesel Powered Vehicles) as described on the ARB webpage at http://www.arb.ca.gov/enf/hdvip/ccdet/ccdet.htm. This class is conducted by various California Community Colleges and instructs attendees on compliance with the PSIP, ECL and the HDVIP.

(a) ANGEL'S TRUCKING, INC., shall have the fleet maintenance manager (or equivalent) and all staff performing opacity tests for compliance with PSIP and the HDVIP attend the CCDET I class. Proof of CCDET I completion shall be provided to ARB within six

months of the date of this Agreement and be maintained in each applicable employee's file for the term of his or her employment.

(b) If ANGEL'S TRUCKING, INC., uses a contractor to perform the annual smoke opacity testing required under the PSIP, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET I course, ANGEL'S TRUCKING, INC., shall obtain proof that the contractor's staff conducting the smoke opacity tests completed the CCDET I course within the past four years. This proof of CCDET I completion shall be provided to ARB with PSIP records as required by this Agreement and be maintained with the annual PSIP records.

(8) ANGEL'S TRUCKING, INC., shall comply with one or both of the following options to attend the CCDET II class (Diesel Exhaust After Treatment and Maintenance), described on the ARB's webpage http://www.arb.ca.gov/enf/hdvip/ccdet/ccdet.htm. This class is conducted by various California Community Colleges and instructs attendees on California's emission regulations and the proper care and maintenance of diesel exhaust after-treatment systems (DEATS).

(a) ANGEL'S TRUCKING, INC., shall have the fleet maintenance manager (or equivalent) and all staff responsible for maintenance of DEATS attend the CCDET II class. Proof of CCDET II completion shall be provided to ARB within six months of the date of this Agreement and also be maintained in each applicable employee's file for the term of his or her employment.

(b) In case ANGEL'S TRUCKING, INC., uses a contractor for the maintenance of DEATS, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET II course, ANGEL'S TRUCKING, INC., shall obtain proof that the contractor's staff maintaining the DEATS device(s) completed the CCDET II course within the last four years. This proof of the CCDET II completion shall be provided by ANGEL'S TRUCKING, INC., to the ARB within six months of the date of this settlement and be maintained with the DEATS installation and maintenance records.

(9) ANGEL'S TRUCKING, INC., shall submit copies of all PSIP compliance records for the years 2014 and 2015 to the ARB by January 31 of the following year. Copies shall be addressed to the attention of Ms. Ann M. Stacy at the California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, CA 95812. The ARB reserves the right to visit any ANGEL'S TRUCKING, INC., fleet location at any time to conduct compliance audits for the HDVIP and PSIP, or any other applicable ARB program.

(10) ANGEL'S TRUCKING, INC., shall complete Low NOx Software Upgrades (reflash) on all applicable heavy-duty diesel engines operating in California and report to the ARB within 45 days of this agreement.

(11) Each 1974 or newer diesel powered heavy-duty vehicle in ANGEL'S TRUCKING, INC., fleet shall comply with the ECL regulation as codified in title 13 CCR, section 2183. Within 45 days of the execution of this Agreement, ANGEL'S TRUCKING, INC., shall submit the proof of compliance to Ms. Ann M. Stacy at the California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, CA 95812.

(12) ANGEL'S TRUCKING, INC., shall instruct all employees who operate diesel-fueled vehicles to comply with the idling regulations set forth in title 13 CCR section 2485, within 45 days of this Agreement.

(13) ANGEL'S TRUCKING, INC., shall comply with the Truck and Bus regulation as codified in title 13 CCR, section 2025. Within 45 days of the execution of this Agreement, ANGEL'S TRUCKING, INC., shall submit the proof of compliance to Ms. Ann M. Stacy, Air Pollution Specialist, ARB Enforcement Division, Air Resources Board, Enforcement Division, P.O. Box 2815 Sacramento, CA 95812.

(14) ANGEL'S TRUCKING, INC., shall not violate the Truck and Bus regulation as codified in title 13 CCR, section 2025.

(15) Within 45 days of the execution of this Agreement, ANGEL'S TRUCKING INC., shall bring its fleet of TRUs operating in California in compliance with the applicable in-use emission standards as required by title 13 CCR, section 2477 (e) (1) (A) (1) and apply for an ARB IDN for each of the California-based TRUs or TRU gen sets that it owns and/or operates as required by title 13, CCR, section 2477 (e)(1)(E)(1) and affix the IDN to both sides of each TRU or TRU gen set within 30 days of receiving the number from ARB as required by title 13, CCR section 2477 (e)(E)(1)(f). ANGEL'S TRUCKING INC., shall submit the proof of registration in the Air Resources Board Equipment Registration (ARBER) system to Ann M. Stacy, Air Pollution Specialist, ARB Enforcement Division, P.O. Box 2815, Sacramento, CA 95812.

(16) ANGEL'S TRUCKING INC., shall not violate the TRU ATCM, as codified in title 13 CCR, section 2477.

(17) This Agreement shall apply to and be binding upon ANGEL'S TRUCKING, INC., and its officers, directors, receivers, trustees, employees, successors and assignees, subsidiary and parent corporations and upon ARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.

(18) This Agreement constitutes the entire agreement and understanding between ARB and ANGEL'S TRUCKING, INC., concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and ANGEL'S TRUCKING, INC., concerning the subject matter hereof.

(19) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement.

(20) Severability. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.

(21) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.

(22) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either party on the ground that said party drafted it. Senate Bill 1402 (Dutton, Chapter 413, statutes of 2010) requires the ARB to provide information on the basis for the penalties it seeks (see Health and Safety Code section 39619.7). This information, which is provided throughout this settlement agreement, is summarized here:

The manner in which the penalty amount was determined, including a per unit or per vehicle penalty.

Penalties must be set at levels sufficient to discourage violations. The penalties in this matter were determined in consideration of all relevant circumstances, including the eight factors specified in HSC sections 42403 and 43024.

PSIP Violations

The per vehicle penalty for the PSIP violations involved in this case is a maximum of $500.00 per vehicle per violation per year. The penalty obtained for the PSIP violations involved in this case is $4,301.25 for 11 vehicles, or $215.00 per vehicle per violation. The penalty was reduced based on first time violator, willingness to cooperate, and extreme financial hardship.

Truck and Bus Violations

The per unit penalty for the Truck and Bus violations involved in this case is a maximum of $1,000 per vehicle per day for strict liability violations or $10,000 per vehicle per day for negligent or intentional violations.

The penalty obtained for the Truck and Bus violations involved in this case for failure to meet the requirements of the Engine Model Year Compliance Schedule is $4,958.75 or $354.00 per month of violation for 1 vehicle with a 1996 through 1999 model year engines for 6 months in violation; and 2 with 2000 through 2004 model year engine for 8 months in violation. The penalty was reduced based on first time violator, willingness to cooperate, and extreme financial hardship.

TRU Violations

The per unit penalty for the TRU violations involved in this case is a maximum of $1,000 per unit per day for strict liability violations or $10,000 per vehicle per day for negligent or intentional violations pursuant to HSC section 39674. The penalty obtained for the TRU violations involved in this case is $375.00 for 1 non-compliant TRUs operated by ANGEL'S TRUCKING, INC., or $375.00 for each violation. The penalty was reduced based on first time violator, willingness to cooperate, and extreme financial hardship.

The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.

PSIP Violations

The penalty provision being applied to the PSIP violations is HSC section 43016 because ANGEL'S TRUCKING, INC., failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy duty diesel vehicles for the years 2011 and 2012 in violation of the PSIP regulation in title13 CCR sections 2190 *et seq*, for 7 vehicles. Since the PSIP regulation was adopted pursuant to authority granted in Part 5 of Division 26 of the HSC and since there is no specific penalty or fine provided for PSIP violations in Part 5, HSC section 43016 is the applicable penalty provision.

Truck and Bus Violations

The penalty provision being applied for the Truck and Bus regulation (title 13 CCR, section 2025) violations in this case is HSC section 39674 because the Truck and Bus regulation is a Toxic Air Contaminant Control Measure adopted pursuant to authority contained in HSC section 39002 et seq., 39650-39675 and because ANGEL'S TRUCKING, INC., failed to bring their diesel fleet into compliance by the deadlines set forth in title 13 CCR, section 2025(g).

TRU Violations

The penalty provision being applied for the Air Toxic Control Measure for In-Use Diesel-Fueled Transport Refrigeration Unit and TRU Generator Set (title 13 CCR, section 2477 et seq.) violations (including registration and labeling) is HSC section 39674 because the TRU rule is an Air Toxic Control Measure adopted pursuant to authority contained in HSC section 39650-39675. ANGEL'S TRUCKING, INC., as an owner of TRUs, failed to bring all TRUs in its fleet into compliance by the deadlines set forth in the TRU ATCM and failed to register the TRUs in its fleet in the ARBER database.

Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.

PSIP Violations

The PSIP provisions cited above do prohibit emissions above a specified opacity or level of g/hp-hr. However, since the hours of operation of the non-compliant units involved and their individual emission rate are not known, it is not practicable to quantify the excess emissions.

Truck and Bus Violations

The provisions cited above do prohibit emissions above a specified level of g/hp-hr. However, since the hours of operation of the non-compliant trucks involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

TRU Violations

The provisions cited above do prohibit emissions above a specified level of g/hp-hr. However, since the hours of operation of the non-compliant trucks involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

(23) ANGEL'S TRUCKING, INC., acknowledges that ARB has complied with Senate Bill 1402 in prosecuting or settling this case. Specifically, ARB has considered all relevant facts, including those listed at HSC section 43024, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.

(24) Penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from noncompliance, the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger on a per unit basis.

(25) The penalty was based on confidential settlement communications between ARB and ANGEL'S TRUCKING, INC., that ARB does not retain in the ordinary course of business. The penalty is the product of an arms length negotiation between ARB and ANGEL'S TRUCKING, INC., and reflects ARB's assessment of the relative strength of its case against ANGEL'S TRUCKING, INC.,, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that ANGEL'S TRUCKING, INC., may have secured from its actions.

(26) Now therefore, in consideration of the payment on behalf of ANGEL'S TRUCKING, INC., to the Air Resources Board and the Peralta Colleges Foundation, the ARB hereby releases ANGEL'S TRUCKING, INC., and their principals, officers, agents, predecessors and successors from any and all claims, the ARB may have or have in the future based on the circumstances described in paragraph (1) through (21) of the Recitals. The undersigned represent that they have the authority to enter into this Agreement.
