TO: All Interested Parties

SUBJECT: PUBLIC WORKSHOP TO DISCUSS PROPOSED REGULATION ON  
THE PRODUCTION OF HYDROGEN FOR TRANSPORTATION FUEL  
AS PRESENTED IN SENATE BILL 1505 (STATUES 2006)

The Air Resources Board (ARB or the Board) staff invites you to participate in a workshop on development of a regulation enacting requirements on production of hydrogen as a transportation fuel for use in California. The purpose of this workshop is to discuss elements of the regulation relating to eligible renewable resources, greenhouse gas baseline, renewable cost assumptions and potential exemptions as well as potential regulation language.

Details of the workshop are as follows:

**Date:** February 11, 2010  
**Time:** 1:30 p.m. to 4:30 p.m.  
**Location:** California Environmental Protection Agency  
Training Room 1 East  
1001 I Street  
Sacramento, California 95812  
**Staff Contact:** Ben Deal, (916) 322-8449  
[bdeal@arb.ca.gov](mailto:bdeal@arb.ca.gov)

Participants unable to attend in person may take part via conference call. Please contact David Leuterio by email at [dleuteri@arb.ca.gov](mailto:dleuteri@arb.ca.gov) to request call information.

Workshop presentations, handouts and background information will be available at the workshop and on the Environmental & Energy Standards for Hydrogen Production website at: <http://www.arb.ca.gov/msprog/hydprod/hydprod.htm>.

For faster notification, ARB will use the Internet list serve for Environmental Standards for Hydrogen Production to notify stakeholders of upcoming events. If you sign up for this list serve, you will receive an email notice when new information has been posted to the website. To subscribe to the Environmental Standards for Hydrogen Production list

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption.  
For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.*
