

Verified Diesel Emission Control Strategy (VDECS) Information Page

This guide provides the definitions for the information required on the 'Enter VDECS' page of the Diesel Off-road Online Reporting System (DOORS), which is the reporting system for the In-Use Off-road Diesel Vehicle Regulation (Off-Road Regulation). Below is a screen shot of the 'Enter VDECS' page, and below is a table that provides a description/definition for each field.

Note: You will only be able to enter VDECS information if you have already entered the vehicle and engine information.

Line #	Veh serial num	Your veh num	Eng serial num	VDECS serial num	Date VDECS purchased	Date VDECS installed
1	12345		51933NA001		YYYY MM DD 0000 00 00	YYYY MM DD 0000 00 00
VDECS family name						
Experimental:						

Field	Definition
Veh serial num	This is a read-only field for the vehicle serial number that was entered on the 'Enter Vehicle' page.
Your veh num	This is a read-only field for the optional vehicle identifier that was entered on the 'Enter Vehicle' page.
Eng serial num	This is a read-only field for the engine serial number that was entered on the 'Enter Engine' page.
VDECS serial num	The VDECS serial number should be listed on the VDECS label or in the information provided by the VDECS manufacturer or installer. VDECS serial numbers may not repeat.
Date VDECS Purchased	The date the VDECS was purchased.
Date VDECS Installed	The date the VDECS was installed.
VDECS Family Name	Use the drop-down menu to select the VDECS family name from the list. The VDECS family name should be listed on the VDECS label or the information provided by the VDECS manufacturer or installer.
