#13-02

Mr. John Merrill
Jensen Precast
14221 San Bernardino Ave
Fontana, California 92335-5232

Dear Mr. Merrill:

The purpose of this Approval Letter #13-02 is to clarify the model-number designations for Jensen Precast's Armor Vault aboveground storage tanks (AST). The Armor Vault ASTs were certified with the issuance of Executive Orders (EO) VR-301-C and VR-302-C (Standing Loss Control Vapor Recovery Systems for Existing and New ASTs) in 2011.

It has come to our attention that the model number listed in EOs VR-301 and VR-302 is not complete. Table 1 lists additional model numbers of Armor Vault ASTs that comply with the regulations.

These additional model numbers will be added to the next revision of EOs VR-301 and VR-302. In the interim, Approval Letter #13-02 shall be used to indicate that Jensen Precast's Armor Vault ASTs with the model numbers listed in Table 1 are certified for standing loss control.

If you have questions or need further information, please contact Mr. Tahir Muhammad at (916) 449-5289 or via email at tmuhamma@arb.ca.gov, or Mr. Lou Dinkler at (916) 324-9487 or via email at ldinkler@arb.ca.gov.

Sincerely

Michael T. Benjamin, Chief
Monitoring and Laboratory Division
